Below the Price, the customer will press “Add Promo Code”.

At this screen they would enter the Validation or Promo Code that you provide them.

The rate will change to \$0.00 and the customer can press Start Parking.  
(If you only validate for a fixed time or rate then the price will reduce appropriately.)

Instructions for Customers that have an Open and Paid parking session are on the last page.

The screenshot shows a mobile application interface for parking management. At the top, the time is 2:16 and the battery level is 25%. The user is in 'Zone # 65357' at 'Franklin Plaza Garage'. The main section displays a duration of 04:43:00 (4 hours, 43 minutes, 00 seconds) with a 'Change' link. Below this, the payment method is 'VISA 5299' with another 'Change' link. The price is '\$0.00', which includes a \$0.30 transaction fee, and a '1 Promo Code Applied' is noted. At the bottom, the user is identified as 'COPP' with CA: 8UOL080, and a green 'Start Parking' button is visible.

## Already Paid?

You can still add a Promo Code.

If a customer walks into your office and already paid for parking via ParkMobile app.

They can simply go into the app and view their ACTIVE parking.

Here they will see the remaining parking time.

Below the time, they press Enter Promo Code.

The next screen will allow them to enter the code.
